PRESIDENT'S MESSAGE

"Tending to flowers and greenery can enrich the soul as well as the soil." Maggy Howe

January, already, and Don's tending our greenery hoping for great flowers, and he's getting geared up for the coming shows. Me, I'm just sitting here amazed at how much time and energy he has already put into our coming show in March. Your show committee is also working hard to make this one of our best ever shows.....with the whole society's help, we'll achieve that goal! Thank you all for your support and help in 2006, and let's look forward to 2007, and, the new camellia season, and our good times together.

Happy New Year ,
Joan

FOR MEMBERS ONLY

One of the benefits of being a member of the Camellia Society of Sacramento is that you get first pick at the plants from Nuccio's Nursery that will be sold at our show in March. Members also get a reduced price on the plants. If you are interested in purchasing any plants before the show, this includes Friday, March 2, while setting up for the show, contact Bob Logan or Gary Schanz. Discounts on plants for members will not be available at the show. A list of the available plants will be at the December meeting.

Nuccio's Nursery also has a website. It is still in its formative stage so be patient. The website is www.nucciosnurseries.com

CULTURE, ETCETERA JANUARY 2007, by Gary Schanz

Now is a good time to add some 0-10-10 or 2-10-10 fertilizer to enhance the color of your blooms.

So far our winter has been on the cool side, with some rain. If we get a good cold spell, make sure your plants are watered. Dry cold can kill the roots system on your plants and ultimately the plant.

Show Time: Our Northern California Camellia Shows will begin the first weekend of February in Napa. See the show schedule in our bulletin. There are four shows that are very close to us, Napa, Modesto, Northern California (near Concord), and the mini show in Walnut Creek. I suggest if you plan on attending a couple this year, you will be glad you did. See you at the shows.

The **2006-2007 Nuccio's Catalog** is out. If you didn't get one, call Nuccio's at 1-626-794-3383. I noticed in last year's catalog there were 62 camellia varieties (not available). This years catalog shows 135 varieties. The Nuccio's Catalog is free.

Cottonseed Meal: We thought we had a source for cottonseed meal but after checking, they don't have any and don't know of anyone that does.

On The Lighter Side

These funnies are from the original Hollywood Squares and its comics and the responses are spontaneous not scripted. Hope you enjoy.

Q. Do female frogs croak?

A. Paul Lynde: "If you hold their heads under water long enough".

Q. If you're going to make a parachute jump, at least how high should you be?

A. Charley Weaver: "Three days of steady drinking should do it."

- Q. True or false, a pea can last as long as 5,000 years?
 A. George Gobel: "Boy, it sure seems that way sometimes."
- Q. You've been having trouble going to sleep. Are you probably a man or a woman?
 A. Don Knotts: "That's what's been keeping me awake."
- Q. In Hawaiian, does it take more than three words to say "I Love You"?
 A. Vincent Price: "No, you can say it with a pineapple and a twenty."
- Q. What are "Do it," "I Can Help," and "I Can't Get Enough"?
 A. George Gobel: "I don't know, but it's been coming from the next apartment."
